

INFORMATION CIRCULAR

FOR THE ANNUAL GENERAL AND SPECIAL MEETING OF SHAREHOLDERS TO BE HELD JUNE 15, 2021 AT 9:00 A.M. (PACIFIC DAYLIGHT TIME)

This Information Circular is furnished in connection with the solicitation of proxies by the management of Hemisphere Energy Corporation (the "Company" or "Hemisphere") for use at the Annual General and Special Meeting (the "Meeting") of the shareholders of the Company, to be held on June 15, 2021 for the purposes set forth in the accompanying Notice of Annual General and Special Meeting (the "Notice of Meeting") and at any adjournment thereof. The information contained in this Information Circular is given as at May 03, 2021 unless otherwise stated.

GENERAL PROXY INFORMATION

Solicitation of Proxies

This Information Circular is furnished in connection with the solicitation of proxies by the management of the Company for use at the Meeting, and any adjournment thereof, at the time and place and for the purposes set forth in the Notice of Meeting. While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally, by telephone, facsimile or other electronic means, by directors, officers, employees and agents of the Company at nominal cost. The Company will bear all costs of this solicitation of proxies.

Notice and Access

The Company has elected to use the notice-and-access model provided under amendments to National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("Notice and Access") for the Meeting in respect of mailings to its registered shareholders and beneficial shareholders. Notice and Access is a cost savings initiative developed by the Canadian Securities Administrators that allows issuers to send shareholders a notice with information on how they can access an issuer's information circular electronically instead of receiving a printed copy, and how to receive a printed copy on request, resulting in the reduction of printing, distribution and mailing costs.

Registered and non-registered (beneficial) shareholders will be sent a notice package (the "Notice Package") which will include: (1) a Notice of Meeting outlining the matters to be voted upon and how to obtain a copy of the Information Circular; (2) a Form of Proxy or Voting Instruction Form ("VIF"); (3) the Company's Message to Shareholders from the Company's President and Chief Executive Officer; and (4) a National Instrument 51-102 Return Card to Opt-in to receiving the Company's interim and/or annual financial reports.

The Company has posted the Information Circular, the Company's financial statements for the year ended December 31, 2020 and the Company's management discussion and analysis for the year ended December 31, 2020 online at www.sedar.com under the Company's profile and at the following internet address: www.hemisphereenergy.ca/investors/shareholder-materials.

Appointment and Revocation of Proxies

The purpose of a proxy is to designate persons who will vote the proxy on a Shareholder's behalf in accordance with the instructions given by the Shareholder in the proxy. The persons named in the enclosed proxy (the "Management Designees") have been selected by the directors of the Company.

A Shareholder has the right to designate a person (who need not be a Shareholder), other than the Management Designees to represent the Shareholder at the Meeting. Such right may be exercised by inserting in the space provided for that purpose on the proxy the name of the person to be designated, and by deleting from the proxy the names of the Management Designees, or by completing another proper form of proxy and delivering the same to the transfer agent of the Company. Such Shareholder should notify the nominee of the appointment, obtain the nominee's consent to act as proxyholder and attend the Meeting, and provide instructions on how the Shareholder's shares are to be voted. The nominee should bring personal identification with them to the Meeting.

To be valid, the proxy must be dated and executed by the Shareholder or an attorney authorized in writing, with proof of such authorization attached (where an attorney executed the proxy). The proxy must then be delivered to the Company's registrar and transfer agent, Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, or by fax within North America to 1-866-249-7775, and outside North America to (416) 263-9524, at least 48 hours, excluding Saturdays, Sundays and holidays, before the time of the Meeting or any adjournment thereof. Proxies received after that time may be accepted by the Chairman of the Meeting in the Chairman's discretion, but the Chairman is under no obligation to accept late proxies.

Any registered Shareholder who has returned a proxy may revoke it at any time before it has been exercised. A proxy may be revoked by a registered Shareholder personally attending at the Meeting and voting their shares. A Shareholder may also revoke their proxy in respect of any matter upon which a vote has not already been cast by depositing an instrument in writing, including a proxy bearing a later date executed by the registered Shareholder or by their authorized attorney in writing, or, if the Shareholder is a corporation, under its corporate seal by an officer or attorney thereof duly authorized, either at the office of the Company's registrar and transfer agent at the foregoing address or the head office of the Company, at c/o Hemisphere Energy Corporation, Suite 501, 905 West Pender Street, Vancouver, British Columbia, V6C 1L6, Attention: Don Simmons, President and Chief Executive Officer, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof at which the proxy is to be used, or by depositing the instrument in writing with the Chairman of such Meeting, or any adjournment thereof. **Only registered Shareholders have the right to revoke a proxy. Non-registered Shareholders who wish to change their vote must, at least seven days before the Meeting, arrange for their respective nominees to revoke the proxy on their behalf.**

Voting of Shares and Exercise of Discretion of Proxies

Voting at the Meeting will be by a show of hands, each registered Shareholder and each proxyholder (representing a registered or unregistered Shareholder) having one vote, unless a poll is required or requested, whereupon each such Shareholder and proxyholder is entitled to one vote for each Common Share held or represented, respectively. Each Shareholder may instruct their proxyholder how to vote their Common Shares by completing the blanks on the proxy. All Common Shares represented at the Meeting by properly executed proxies will be voted or withheld from voting when a poll is required or requested and, where a choice with respect to any matter to be acted upon has been specified in the form of proxy, the Common Shares represented by the proxy will be voted in accordance with such specification. **In the absence of any such specification as to voting on the proxy, the Management Designees, if named as proxyholder, will vote in favour of the matters set out therein.**

The enclosed proxy confers discretionary authority upon the Management Designees, or other person named as proxyholder, with respect to amendments to or variations of matters identified in the Notice of Meeting and any other matters which may properly come before the Meeting. As of the date hereof, the Company is not aware of any amendments to, variations of or other matters which may come before the Meeting. If other matters properly

come before the Meeting, then the Management Designees intend to vote in a manner which in their judgment is in the best interests of the Company.

In order to approve a motion proposed at the Meeting, a majority of greater than 50% of the votes cast will be required (an “ordinary resolution”), unless the motion requires a “special resolution” in which case a majority of 66 2/3% of the votes cast will be required.

Advice to Beneficial Holders of Common Shares

Only registered holders of common shares of the Company or the persons they validly appoint as their proxies are permitted to vote at the Meeting. However, in many cases, common shares beneficially owned by a person (a "Non-Registered Holder") are registered either: (i) in the name of an intermediary (an "Intermediary") (including banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIAs, RESPs and similar plans) that the Non-Registered Holder deals with in respect of the shares, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant.

Distribution to NOBOs

In accordance with the requirements of the Canadian Securities Administrators and National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("NI 54-101"), the Company will have caused its agent to distribute copies of the Notice Package directly to those Non-Registered Holders who have provided instructions to an Intermediary that such Non-Registered Holder does not object to the Intermediary disclosing ownership information about the beneficial owner ("Non-Objecting Beneficial Owner" or "NOBO"). As a result, NOBOs can expect to receive a VIF, together with the Notice of Meeting and other documents in the Notice Package, from our transfer agent, Computershare. These VIFs are to be completed and returned to Computershare in the envelope provided or by facsimile. In addition, Computershare provides both telephone voting and internet voting services as described in the VIF. In that regard, Computershare is required to follow the voting instructions properly received from NOBOs. Computershare will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the shares represented by the VIFs they receive. **NOBOs should carefully follow the instructions of Computershare, including those regarding when and where the completed VIFs are to be returned to Computershare.**

Should a NOBO wish to attend and vote at the Meeting in person, the NOBO must insert the NOBO's name (or such other person as the NOBO wishes to attend and vote on the NOBO's behalf) in the blank space provided for that purpose on the VIF and return the completed VIF in line with the instructions provided or the NOBO must submit to the Company any other document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxyholder. In such circumstances with respect to proxies held by management in respect of securities owned by the NOBO so requesting, the Company must arrange, without expense to the NOBO, to appoint the NOBO or a nominee of the NOBO as a proxyholder in respect of those securities. Under NI 54-101, if the Company appoints a NOBO or a nominee of the NOBO as a proxyholder as aforesaid, the NOBO or nominee of the NOBO, as applicable, must be given the authority to attend, vote and otherwise act for and on behalf of management in respect of all matters that may come before the Meeting and any adjournment or continuance thereof, unless corporate law does not permit the giving of that authority. Pursuant to NI 54-101, if the Company appoints a NOBO or its nominee as proxyholder as aforesaid, the Company must deposit the proxy within the timeframe specified above for the deposit of proxies, if the Company obtains the instructions at least one (1) business day before the termination of that time.

Meeting materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your shareholdings have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

By choosing to send meeting materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting

instructions. Please return your voting instructions as specified in the VIF enclosed with mailings to NOBOs. Please carefully review the instructions on the VIF for completion and deposit.

NOBOs that wish to change their vote must, in sufficient time in advance of the Meeting, contact Computershare to arrange to change their vote.

Distribution to OBOs

In addition, the Company will have caused its agent to deliver copies of the Notice Package to the clearing agencies and Intermediaries for onward distribution to those non-registered shareholders who have provided instructions to an Intermediary that the beneficial owner objects to the Intermediary disclosing ownership information about the beneficial owner ("Objecting Beneficial Owner" or "OBO"). Management does not intend to pay for Intermediaries to forward proxy-related materials to OBOs and OBOs will not receive the materials unless the OBO's Intermediary assumes the cost of delivery.

Intermediaries are required to forward the Notice Package to each OBO unless such OBO has waived his or her right to receive them. Intermediaries often use service companies such as Broadridge Proxy Services to forward the Notice Packages to OBOs. With those Notice Packages, Intermediaries or their service companies should provide OBOs with a "request for voting instruction form" which, when properly completed and signed by such OBO and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow. The purpose of this procedure is to permit OBOs to direct the voting of the shares that they beneficially own. In either case, the purpose of this procedure is to permit the OBO to direct the voting of the shares he or she beneficially owns.

Should an OBO wish to attend and vote at the Meeting in person, the OBO must insert the OBO's name (or such other person as the OBO wishes to attend and vote on the OBO's behalf) in the blank space provided for that purpose on the request for voting instruction form and return the completed request for voting instruction form to the Intermediary or its service provider or the OBO must submit, to their Intermediary, any other document in writing that requests that the OBO or a nominee of the OBO be appointed as proxyholder. In such circumstances, an Intermediary who is the registered holder of, or holds a proxy in respect of, securities owned by an OBO is required under NI 54-101 to arrange, without expense to the OBO, to appoint the OBO or a nominee of the OBO as a proxyholder in respect of those securities. Under NI 54-101, if an Intermediary appoints an OBO or the nominee of an OBO as a proxyholder as aforesaid, the OBO or nominee of the OBO, as applicable, must be given the authority to attend, vote and otherwise act for and on behalf of the Intermediary in respect of all matters that may come before the Meeting and any adjournment or continuance thereof, unless corporate law does not permit the giving of that authority. Pursuant to NI 54-101, an Intermediary who appoints an OBO or its nominee as proxyholder as aforesaid is required under NI 54-101 to deposit the proxy within the timeframe specified above for the deposit of proxies, if the Intermediary obtains the instructions at least one (1) business day before the termination of that time.

OBOs should carefully follow the instructions of their Intermediary, including those regarding when and where the completed request for voting instructions is to be delivered.

OBOs that wish to change their vote must, in sufficient time in advance of the Meeting, arrange with their respective Intermediaries to change their vote and if necessary revoke their proxy in accordance with the revocation procedures set out above.

To the knowledge of the Company, no director or proposed director of the Company has, within the ten years prior to the date of this Circular, become bankrupt or made a proposal under any legislation relating to bankruptcy or insolvency, or been subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of that individual.

5. Ratification of Stock Option Plan

The Company currently maintains a rolling stock option plan (the "**Stock Option Plan**"), authorizing the issuance of incentive stock options to eligible persons for up to an aggregate of 10% of the issued shares of the Company from time to time. The policies of the TSX Venture Exchange (the "**Exchange**") require the approval of the Stock Option Plan by the Company's "disinterested shareholders" (as defined below) on an annual basis. There are currently 88,074,802 shares of the Company issued and outstanding, and therefore the current 10% threshold is 8,807,480 shares available for incentive stock option grants under the Stock Option Plan. Incentive stock options under the Stock Option Plan may be granted by the Board of Directors to eligible persons, who are directors, officers or consultants of the Company or its subsidiaries (if any), or who are employees of a company providing management services to the Company, or who are eligible charitable organizations. Stock options may be granted under the Stock Option Plan with a maximum exercise period of up to ten (10) years, as determined by the Board of Directors of the Company.

The Stock Option Plan will limit the number of stock options which may be granted to any one individual to not more than 5% of the total issued shares of the Company in any 12-month period (unless otherwise approved by the disinterested shareholders of the Company), and not more than 10% of the total issued shares to all insiders at any time or granted over any 12-month period. The number of options granted to any one consultant or person employed to provide investor relations activities in any 12-month period must not exceed 2% of the total issued shares of the Company. Any stock options granted under the Stock Option Plan will not be subject to any vesting schedule, unless otherwise determined by the Board of Directors or required by the policies of the Exchange.

Options under the Stock Option Plan may be granted at an exercise price which is at or above the current discounted market price (as defined under the policies of the Exchange) on the date of the grant. In the event of the death or permanent disability of an optionee, any option granted to such optionee will be exercisable upon the earlier of 365 days from the date of death or permanent disability, or the expiry date of the option. In the event of the resignation, or the termination or removal of an optionee without just cause, any option granted to such optionee will be exercisable for a period of 90 days thereafter. In the event of termination for cause, any option granted to such optionee will be cancelled as at the date of termination.

Shareholders are referred to the full text of the Stock Option Plan, a copy of which has been posted on SEDAR and is available for inspection under the Company's profile on SEDAR at www.sedar.com, for complete details.

The Stock Option Plan must be approved by a majority of the "disinterested shareholders" entitled to vote present in person or by proxy at the Meeting and be accepted for filing by the Exchange. "Disinterested shareholders" mean all Shareholders of the Company who are not directors, officers, promoters, or other insiders of the Company, or their associates or affiliates, as such terms are defined under the *Securities Act* (British Columbia).

To the knowledge of the Company, Shareholders who are ineligible to vote on the approval of the Stock Option Plan and their shareholdings are as follows:

Name of Insider, Associate or Affiliate	Number of Shares
Don Simmons	2,360,000
Charles O'Sullivan	1,061,100

Frank Borowicz, QC	1,587,500
Bruce McIntyre	600,000
Gregg Vernon	300,000
Richard Wyman	892,700
Ian Duncan	2,061,196
Dorlyn Evancic	609,500
Andrew Arthur	961,500
Ashley Ramsden-Wood	844,500

In the event that annual disinterested shareholder approval is not obtained at the Meeting, the Company will implement a new fixed stock option plan for up to 10% of the Company's issued shares (which does not require shareholder approval), and any existing option grants under the Stock Option Plan as previously approved by the disinterested shareholders of the Company at the last Annual General Meeting will not be affected.

The text of the ordinary resolution approving the Stock Option Plan to be submitted to shareholders at the Meeting is set forth below, subject to such amendments, variations or additions as may be approved at the Meeting:

"BE IT RESOLVED by ordinary resolution that the Stock Option Plan is hereby ratified and approved."

The persons named in the form of proxy, if named as proxy, intend to vote such proxy in favour of the resolution to approve the Stock Option Plan, unless a shareholder has specified in its proxy that its common shares are to be voted against such resolution. If no choice is specified by the shareholder to vote for or against the resolution referred to above, the persons whose names are printed in the enclosed form of proxy intend to vote in favour of the resolution.

STATEMENT OF EXECUTIVE COMPENSATION

Based on the foregoing definition, during the last completed financial year of the Company, there were five (5) Named Executive Officers, namely, its President and CEO, Don Simmons, its Chief Operating Officer, Ian Duncan, its

Compensation Discussion and Analysis

The Company's compensation programs are designed to be competitive with similar junior oil and gas companies and to recognize and reward executive performance consistent with the success of the Company. These programs are intended to attract and retain capable and experienced individuals. The Company's Compensation/Nominating Committee's role and philosophy is to ensure that the Company's goals and objectives, as applied to the actual compensation paid to the Company's President and Chief Executive Officer and other executive officers, are aligned with shareholders' interests, and the Company's corporate objectives, which include, but are not limited to, year-over-year growth of the Company on a per share basis in cash flow, production and reserves are subject to market conditions.

The companies that comprise Hemisphere's peer group at the time compensation information was compiled include Altura Energy Inc., Gear Energy Ltd., Inplay Oil Corp, Journey Energy Inc, Prairie Provident Resources Inc., Questerre Energy Corp., Razor Energy Corp., and Touchstone Exploration Inc. These companies have been chosen by the management of the Company as the Company's peer group as they are based in Canada and have similar operational profiles.

In addition to informal industry comparables from publicly available information, the Compensation/Nominating Committee considers a variety of factors when determining both compensation programs and individual compensation levels. These factors include the long-range interests of the Company and its shareholders, overall financial and operating performance of the Company, and the Compensation/Nominating Committee's assessment of each executive's individual performance and contribution toward meeting corporate objectives.

A majority of the Compensation/Nominating Committee members have direct experience that is relevant to their responsibilities in executive compensation, as they have each managed executives and/or business leaders in their current and/or past roles. In these roles, they have participated in compensation planning sessions, made compensation decisions and participated in compensation discussions with external consultants. For more information regarding the Compensation/Nominating Committee see "*Corporate Governance Practices – Committees of the Board – Compensation/Nominating Committee*" below.

Role of Executive Officers in Determining Compensation

The Compensation/Nominating Committee reviews and recommends compensation programs to the Company, as well as salary and benefit levels for the Company's executive officers. The Company's President and Chief Executive Officer recommends the compensation of other executive officers but may not be present during meetings of the Compensation/Nominating Committee at which his compensation is being discussed. The Board of Directors makes the final determination regarding the Company's compensation programs and practise.

Elements of the Compensation Program

The total compensation plan for the NEOs is comprised of three components: base salary, bonus and stock options. There is no policy or target regarding cash and non-cash elements of the Company's compensation program. The Compensation/Nominating Committee annually reviews the total compensation of the Company's executives against the backdrop of the compensation goals and objectives described above and makes recommendations to the Board of Directors concerning the individual components of the executives' compensation.

The Company does not provide the NEOs with any personal benefits, nor does the Company provide any additional cash compensation to its NEOs for serving as directors of the Company.

Base Salary

The base salary component is intended to provide a fixed level of competitive pay that reflects each executive's primary duties and responsibilities. The Company intends to pay base salaries to its executives that are competitive with those of comparable companies in the junior oil and gas industry. Such information is compiled in-house using information publicly available from the Company's peer group.

Bonus

At the recommendation of the Compensation/Nominating Committee, the Board of Directors approves bonus payments to reward executive officers for their contribution to the achievement of annual corporate goals and objectives. The payment of bonuses is consistent with the overall objective of the Company to reward performance. The Company does not have any specific formulas to determine individual bonus payments. The Board of Directors, except for the CEO, determines the bonus for the CEO. Recommended by the Compensation/Nominating Committee, the Board of Directors considers and, if thought appropriate, approves the bonuses recommended by the CEO for the other executive officers and employees of the Company. In 2019 and 2020, the Company awarded bonuses to the NEOs in the amounts denoted in the Summary Compensation Table under the column titled "Annual Incentive Plans."

Stock Options

The purpose of the Company's Stock Option Plan is to assist in attracting, retaining and motivating directors, officers, employees, and consultants of the Company and to closely align the personal interests of such directors, officers and employees with the interests of the Company and its shareholders. The allocation of stock options under the Stock Option Plan is determined by the Compensation/Nominating Committee which, in determining such allocations, considers such factors as previous grants to individuals, overall Company performance, share price, the role and performance of the individual in question, the amount of time directed to the Company's affairs and time expended in serving on the Company's committees.

Risk Considerations

The Compensation/Nominating Committee intends to review, from time to time and at least once annually, the risks, if any, associated with the Company's compensation policies and practices at such time. Such a review occurred at the time of preparation of the Compensation Discussion and Analysis above. Implicit in the Compensation/Nominating Committee's mandate is that the Company's policies and practices respecting compensation, including those applicable to the Company's executives, be designed in a manner which is in the best interests of the Company and its shareholders, and risk implications is one of many considerations which are taken into account in such design.

It is anticipated that a portion (set at a level consistent with its industry peers) of the Company's executive compensation will consist of options granted under the Stock Option Plan. Such compensation is both "long-term" and "at risk" and, accordingly, is directly linked to the achievement of long-term value creation. As the benefits of such compensation, if any, are not realized by the executives until a significant period of time has passed, the ability of executives to take inappropriate or excessive risks that are beneficial to them from the standpoint of their compensation at the expense of the Company and its shareholders is extremely limited.

The other element of compensation, base salary, represents the remaining portion of an executive's total compensation. While base salary is not "long-term" or "at risk", as noted above, these components of compensation represent a relatively small part of total compensation, and as a result it is unlikely that an executive would take inappropriate or excessive risks at the expense of the Company and its shareholders that would be beneficial to the executive from the standpoint of the executive's short-term compensation when their long-term compensation might be put "at risk" from such actions.

Due to the relatively small size of the Company and the current level of the Company's activity, the Board of Directors and the Compensation/Nominating Committee are able to closely monitor and consider any risks which may be associated with the Company's compensation practices. Risks, if any, may be identified and mitigated through regular meetings of the Board of Directors, during which financial and other information pertaining to the Company will be reviewed, which review will include executive compensation. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

There are no policies in place pursuant to which an NEO or director is restricted from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, units or exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by a NEO or director.

Incentive Plan Awards – Value Vested or Earned During the Fiscal Year

The following table summarizes the value of each incentive plan award vested or earned by each NEO during the fiscal year ended December 31, 2020:

Name	Option-based awards – Value vested during the year ⁽¹⁾ (\$)	Non-equity incentive plan compensation – Value earned during the year (\$)
Don Simmons	Nil	N/A
Ian Duncan	Nil	N/A
Dorlyn Evancic	Nil	N/A
Andrew Arthur	Nil	N/A
Ashley Ramsden-Wood	Nil	N/A

Note:

(1) "Value vested during the year" means the aggregate dollar value that would have been realized if the options under the option-based award had been exercised on the vesting date. This amount is calculated by determining the difference between the market price of the underlying securities at exercise and the exercise or base price of the options under the option-based award on the vesting date.

Termination and Change of Control Benefits

Each NEO has an executive employment agreement with the Company which provides termination notice of twelve months without just cause, including termination as a result of a change of control, for which each NEO would be compensated by an annual base salary of twelve months plus the average annual bonus amount, if any, earned over the two years immediately prior to termination, in addition to the vesting of all stock options. Under a change of control of the Company, the executive employment agreements between the Company and each NEO state that the executive agrees to remain in the employ of the Company during the period commencing with any act taken and any person, or the announcement of an intention to take such act, which may result in a change of control of the Company and ending with the final conclusion of all matters associated with such act or announcement.

The table below summarizes the estimated compensation to which each current NEO would have been entitled to had they been terminated on December 31, 2020.

Name	Termination without just cause (\$)	Termination with change of control (\$)	Termination for Cause (\$)
Don Simmons	320,000	320,000	-
Ian Duncan	285,000	285,000	-
Dorlyn Evancic	285,000	285,000	-
Andrew Arthur	285,000	285,000	-
Ashley Ramsden-Wood	285,000	285,000	-

All stock options granted to NEOs immediately vest upon termination without just cause or a change of control; however, should exercise of a stock option take place, the common shares are subject to a hold period of four months plus one day from the day of grant. The value of stock options held by each NEO at December 31, 2020 (based on the Company's Black-Scholes option pricing model by assuming a risk-free interest rate of 1.92%, a dividend yield of nil, expected volatility of the Company's share price of 66.18%, an expected life of the options of 5 years and a closing market price at December 31, 2020 of \$0.20) was \$85,204 for Mr. Simmons, \$66,515 for Mr. Duncan, \$67,049 for Mr. Evancic, \$62,770 for Mr. Arthur, and \$62,770 for Ms. Ramsden-Wood.
